(236) 882-1098

vanessamoulaison@gmail.com

Friendly, hard-working, and reliable with customer service experience. I graduated from Dalhousie University with a Bachelor of Arts in Environmental Science and Sustainability and am currently working toward a Graphic Design Certificate through British Columbia Institute of Technology. I am a problem-solver, creative, and an efficient self-learner. I have strong organizational skills and the ability to work independently. However, I enjoy working as a team alongside my peers and colleagues.

Experience

September 2025 - Present

Retail Associate/ PlentiFILL, Duncan BC

- Monitored shelf presentation and refill station layout to enhance customer experience and operational efficiency
